1. Preauthorization is required for all commercial lighting incentives.
2. To ensure eligibility please visit smartenergy.uamps.com for UAMPS Smart Energy Partners participation.
3. Complete all information requested on application including Exhibit A.
4. UAMPS' Smart Energy Partner will conduct a preauthorization inspection after which an Incentive Offer Letter will be sent to applicant.
5. Applicant will sign the Incentive Offer Letter acknowledging acceptance and return it to: UAMPS SmartEnergy, 155 North 400 West, Suite 480, Salt Lake City, Utah 84103.
6. Upon completion of the lighting project, applicant will notify UAMPS SmartEnergy at 888-365-1558 to schedule a post-installation inspection.
7. Once post-installation inspection is complete, UAMPS SmartEnergy will issue the applicant's incentive check.

APPLICANT INFORMATION		
(Check will be issued to the applicant business name and address listed below unless the payment release section below has been filled out) applicant is (check all that apply) <input type="checkbox"/> Customer <input type="checkbox"/> Facility owner <input type="checkbox"/> Tenant/Electricity user		
Applicant business name (As shown on income tax return):		
Mailing Address:	City, State, Zip	
Contact Name:	Contact Title:	
Contact Telephone Number:	Mobile Number:	Contact Email Address:
PROJECT SITE INFORMATION		
Facility/Project Name:		
Facility Address:	City, State, Zip	
Commercial/Industrial Electric Account #:	_____ - _____	
Customer Name: (As shown on bill)		
INCENTIVE ASSIGNMENT (Complete only if incentive is to be assigned to someone other than applicant above.)		
Check should be made out to:		
Mailing Address:	City, State, Zip	
Contact Name:	Contact Telephone:	
APPLICATION ACKNOWLEDGEMENT		
By my signature below, I certify that all information provided for participation will be accurate including but not limited to supplemental material and claims of applicant and equipment information. I confirm I have read, understand and agree with the terms and conditions and agree to be bound by them. I authorize UAMPS Smart Energy to provide my electric account information to consultants associated with the UAMPS Smart Energy program.		
Signatory Name & Title (<i>please print</i>)	Applicant Signature	Date

NOTE: Applications need to be complete. Please make sure you check the following:

- Complete all sections above. Include Exhibit "A".
- Included your energy partner electric account number. Signed and dated the application.

Keep a copy for your records. Mail the completed form to:

UAMPS Smart Energy, 155 North 400 West, Suite 480, Salt Lake City, Utah 84103 Phone: 888-365-1558 – Fax: 801-561-2687

Your incentive check will be issued within 45 days after post-inspection is completed.

Terms and Conditions

Qualifying Customers: Commercial electric customers who purchase their electricity from a UAMPS' participating Smart Energy Partner are eligible to participate in the Commercial Lighting Program.

Application details: UAMPS is administering this incentive program for its participating Smart Energy Partners. Please reference the program website: www.smartenergy.uamps.com or by calling 1-888-365-1558 to determine eligibility. All equipment must be new. Applications must include all requested information. Incomplete applications will be returned causing delay or denial of the incentive.

Post Installation Documentation: The incentive application will not be processed until the preauthorization inspection has been completed by the UAMPS Smart Energy Partner. UAMPS reserves the right to inspect any installation of qualifying equipment at any time up to 24 months after installation for quality control of the application or program performance evaluations. Incentive qualifications and amounts are subject to change and termination at any time. Participating UAMPS Smart Energy Partner's customers should visit the program website at: www.smartenergy.uamps.com or by calling 1-888-365-1558.

Applicant's agrees to provide any reasonable documentation to allow UAMPS Smart Energy Partners to determine actual costs incurred. To the extent that UAMPS Smart Energy determines (at its sole discretion) that any of the recommended measures have not been installed and commissioned in a satisfactory manner, applicant shall receive a reduced incentive, if any, based on the inspection and verification of installed and commissioned measures.

Incentive limitation & limitation of damages: Applicants may not receive custom incentives in lieu of typical (listed) incentives. Applicants are responsible for ensuring the equipment installed for this program meets all applicable codes, standards, environmental regulations and regulatory requirements. UAMPS Smart Energy Partners does not warrant the performance of qualifying installed equipment and does not warrant that the qualifying installed equipment will deliver any specified amount of energy or savings costs. In no event will UAMPS Smart Energy Partners be liable for the failure of the applicant to achieve its expected amount of energy savings, for any personal

injury or harm to applicant's facility of any kind, or for any incidental or consequential damages of any kind including hazardous material identification in connection with installation or inspection of qualifying equipment. UAMPS Smart Energy Partner is not responsible if a third party provides inaccurate information about the amount and/or conditions of the actual incentive and UAMPS Smart Energy Partner will not pay incentives for equipment that is mislabeled or misrepresented by third parties regarding incentive qualifications.

Additional details: Incentive qualifications and amounts are subject to change and termination at any time. Visit the UAMPS Smart Energy website at: www.smartenergy.uamps.com or contact UAMPS Smart Energy at 1-888-365-1558 for current program information.

Confidential Information: Confidential information provided to UAMPS Smart Energy shall not be disclosed to and third party. Confidential information shall mean data disclosed during the course of the energy analysis, and identified by the applicant in writing as confidential. The obligation to protect confidential information will remain in force for two (2) years from the date the energy analysis is performed.

Exhibit A: Retrofit Lighting Efficiency Requirements and Incentive Levels

Measure	Category	Eligibility Requirements	Customer Incentive	Requested number of Replacement	Pre-authorization
T8 Fluorescent	Premium	4' CEE Qualified Reduced Wattage or High Performance Lamp and CEE Qualified Ballast included on CEE qualified ballast list	\$5/Lamp		
	Premium Delamp	4' CEE Qualified Reduced Wattage or High Performance Lamp and CEE Qualified Ballast. Must remove one or more lamps. To delamp and existing fixture, the lamp and all corresponding sockets must be permanently disabled.	\$21/Lamp Removed		
	Relamp	Lamp wattage reduction \geq 3 watts, no ballast retrofit.	\$0.25/Lamp		
	High Bay	4' CEE Qualified High Performance Lamp. Must replace T12HO, T12VHO, Incandescent, or HID in high ceiling application.	\$20/Lamp		
	Continuous Operation	4' CEE Qualified Reduced Wattage or High Performance Lamp and CEE Qualified Ballast included on qualified ballast list installed in a continuous operation application – 8,760 hrs/year.	\$20/Lamp		
T5 Fluorescent	Standard	4' Nominal Lamp \leq 28 watts, Ballast factor \leq 1.0	\$5/Lamp		
	Relamp	Lamp wattage reduction \geq 3 watts, no ballast retrofit.	\$0.25/Lamp		
	High Bay	4' Nominal High Output Lamp	\$20/Lamp		
	Continuous Operation	4' Nominal High Output Lamp installed in a continuous operation application – 8,760 hrs/year.	\$20/Lamp		
Cold Cathode	Screw-In Lamp	All wattages	\$5/Lamp		
Compact Fluorescent Lamp (CFL)	Hardwired Fixture	All wattages	\$5/Fixture		
Ceramic Metal Halide (CMH)	CMH Lamp	All wattages	\$35/Lamp		
Pulse Start Metal Halide (PSMH)	PSMH Fixture	All wattages > 500W	\$60/Fixture		
	Electronic Ballast	Must be used in place of or replace a magnetic ballast	\$20/Lamp		
Induction	Induction Fixture	All wattages, new fixtures only	\$125/Fixture		
LED	Integral Screw-in Lamp	LED must be on qualified fixture list	\$10/Lamp		
	Recessed Downlight	LED must be on qualified fixture list	\$10/Fixture		
	Outdoor Area and Roadway	LED must be on qualified fixture list	\$100/Fixture		
	Parking Garage	LED must be on qualified fixture list	\$100/Fixture		
	High and Low Bay	LED must be on qualified fixture list	\$100/Fixture		

LEGEND:

BF=Ballast Factor
CMH=Ceramic Metal Halide
LED=Light-Emitting Diode

CEE=Consortium of Energy Efficiency
HID=High Intensity Discharge
PSMH=Pulse Start Metal Halide

CFL=Compact Fluorescent Lamp
HO=High Output

Utah Associated Municipal Power Systems

155 North 400 West, Suite 480, Salt Lake City, Utah 84103

Notes to "Exhibit A": Retrofit Lighting Efficiency Requirements and Incentive Levels

1. In order for the incentives to be approved, the new lighting system must use less energy than the existing lighting system replaced or the baseline lighting system as determined by UAMPS Smart Energy Partners.
2. Two-foot U-tube lamps may be substituted for 4' linear fluorescent lamps.
3. Incentives for T8 Fluorescent Premium delamps may not be combined with other linear fluorescent lamp or fixture incentives. Complete fixture removals are not eligible. An existing 8' lamp is counted as two (2) 4' lamps and may receive premium delamp incentives when replaced with qualifying equipment.
4. Incentives for T8 Fluorescent relamps may not be combined with other linear fluorescent lamp fixture incentives and will only be paid once per facility.
5. CEE qualified equipment lists are available at www.cee1.org.
6. LED fixtures must be listed on the approved products list on at least one of the following websites:
 - Energy Star: www.energystar.gov
 - DesignLights Consortium: www.designlights.org
 - Lighting Design Lab: www.lightingdesignlab.com
